

BARTEC TOOL FEATURE SPOTLIGHT

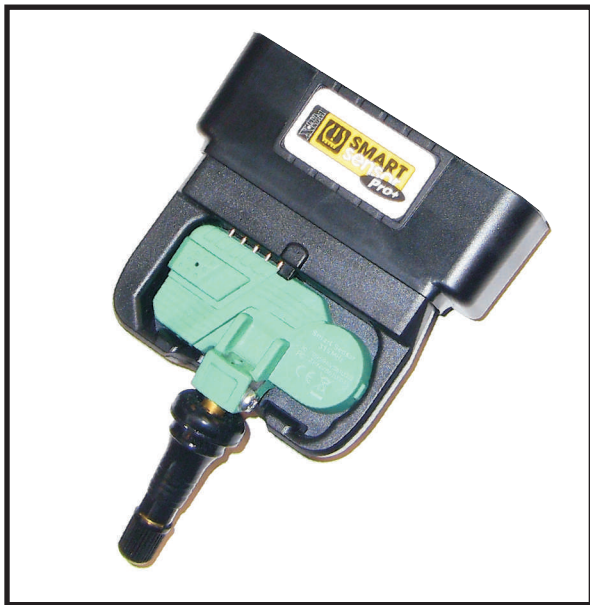

FEATURE: Direct Contact Sensor Programming

BENEFIT: More options and greater flexibility when selecting sensors

FIRST AVAILABLE: Software update 52 [December 2014]

WHAT TOOLS: Tech400SD and Tech400+

WHAT'S NEEDED: Update tool and purchase fixture kit

Programming of “Cubelec” style sensors from 31 Inc and The Wheel Group [contact programmable] is now possible with the Bartec Tech400SD and Tech400+ TPMS Tools.

It is no longer necessary to use a separate programming device, and you can now program and test the TPMS sensor with the same tool that completes the relearn. Prevent mistakes and increase accuracy and efficiency.

BEST PRACTICE - ALWAYS TEST THE SENSOR FOR ACCURATE PROGRAMMING BEFORE INSTALLATION.
